NOTIFICATION.

The 17th March 1885.—The following Notices to Mariners are published for general information.

A. P. MACDONNELL,
Secretary to the Govt. of Bengal.

GOVERNMENT OF BENGAL, GENERAL (MARINE) DEPARTMENT.

NOTICE TO MARINERS.—(No. 11).

BAY OF BENGAL—BRITISH BURMA.

ARRACAN COAST.

Cheduba Strait.

THE following description of, and directions for, Cheduba Strait, resulting from the recent survey on the coast of Burma, have been furnished by Commander A. Carpenter, R.N., Commanding Her Majesty's Indian Marine Surveying Steamer *Investigator*.

CHEDUBA ISLAND.—**NERBUDDA SHOAL.**—A dangerous rocky shoal, 5 miles in length, N.-E. by N. and S.-W. by S., lies with its North-Eastern extreme S.-E. by E. $\frac{3}{4}$ E. 4 miles from Unguan or Tree island. It has several shoal heads upon it, the least water being 9 feet near its North-Eastern extreme. To pass to the westward of the shoal, do not bring Unguan island to the westward of North.

SHOALS.—A small shoal of $2\frac{1}{2}$ fathoms rock lies $2\frac{1}{2}$ miles N. by W. $\frac{3}{4}$ W. of Unguan island: there are 7 to 8 fathoms round about it. Two small patches of 4 fathoms and $5\frac{1}{2}$ fathoms rock lie 8 miles and 6 miles, respectively, N.-W. by N. from Beacon island in the vicinity of the reported breakers of 1878.

Caution.—A vessel proceeding up or down the coast of Arracan, outside Cheduba island, should not bring the west coast of Cheduba to bear to the southward of S.-E. by S. whilst in that vicinity. There are to be found regular depths of 10 to 11 fathoms between these shoals and Beacon island.

PORT CHILDERS.—This port should on no account be entered.

CHEDUBA STRAIT.—**DIRECTIONS FOR NORTHWARD.**—Follow the coast at a distance of 2 to 3 miles until the highest point of Ramree hills, overlooking the Strait, bears E. by S., when steer E. by S. $\frac{1}{2}$ S. for the dome-shaped hillock which marks the South extreme of the range. When Sandy point on Cheduba island bears S. $\frac{1}{4}$ W., haul to S.-S.-E. $\frac{1}{4}$ E., which course will lead down in not less than $3\frac{1}{2}$ fathoms at low-water.

DIRECTIONS FOR SOUTHWARD.—Pass to the eastward of Round island at 1 to 2 miles distance, and when it bears West steer N.-N.-W. $\frac{1}{4}$ W. for the West extreme of the land then visible ahead: when the summit of the Ramree hills bears E. $\frac{1}{2}$ N., haul to W. by N. $\frac{1}{2}$ N., and keep the dome-shaped hillock astern.

The Bearings are Magnetic.

By direction of the Government of Bengal,

ARTHUR W. STIFFE, Captain, I.M.,

Port Officer of Calcutta.

PORT OFFICE, Calcutta, the 12th March 1885.

GOVERNMENT OF BENGAL, GENERAL (MARINE) DEPARTMENT.

NOTICE TO MARINERS.—(No. 12).

BAY OF BENGAL—ORISSA COAST.

Dhamra River.

THE following description of, and directions for, Dhamra river, resulting from the recent survey on the coast of Orissa, have been furnished by Commander A. Carpenter, R.N., Commanding Her Majesty's Indian Marine Surveying Steamer *Investigator*.

PALMYRAS SHOALS.—These shoals extend from the Palmyras buoy, which marks their N.-E. extreme, for $7\frac{3}{4}$ miles to the Southward, or to latitude $20^{\circ} 40' 30''$ N. They have protruded slightly since last surveyed, and the Outer edge is now in longitude $87^{\circ} 12' 40''$ E: $4\frac{1}{2}$ and $3\frac{1}{2}$ fathoms, hard sand, will now be found one mile and $2\frac{1}{2}$ miles, respectively, S.-S.-E. of the buoy with 11 fathoms outside them.

DIRECTIONS.—A vessel proceeding from the Hooghly river to False Point should not bring the Palmyras buoy to bear North of N.-N.-W. until 5 miles South of it, when she may shape course for False Point without getting less than $5\frac{1}{2}$ fathoms.

DHAMRA RIVER.—**OUTER BAR BUOYS.**—H. buoy has been removed 3 cables N.-E. by E. of its former position, and now lies $1\frac{1}{2}$ miles N.-E. $\frac{1}{4}$ E. from Shortt's beacon.

F. buoy has been removed $3\frac{3}{4}$ cables N.-N.-E. of its former position, and now lies $1\frac{1}{2}$ miles N. $\frac{1}{4}$ W. from Shortt's beacon.

D. buoy has been shifted $1\frac{3}{4}$ cables N.-N.-W. of the former position.

SHOAL.—A small shoal, of 8 feet at low-water, lies $3\frac{1}{2}$ cables E. $\frac{1}{4}$ N. of G. buoy. The least water will now be got by entering with G. and D. buoys in line passing to the northward of G. buoy.

SHOAL SPIT.—A shoal spit has projected into the channel, in the Dhamra river, from the West end of Kalibanj island towards the *Celerity* buoy.

DIRECTIONS.—Keep the north bank of the Dhamra river till the *Celerity* buoy is in line with the perch on the opposite bank $\frac{1}{2}$ miles farther up, when strike across to the other bank, passing close to the buoy on either side. This leads over the ridge in 10 feet at present, but it may possibly change at different seasons of the year.

PILOTS' RIDGE.—Her Majesty's Indian Marine Surveying Steamer *Investigator* had lately completely re-sounded the Pilot's Ridge: it is reported that there is no material change in the depths, and the Admiralty Chart No. 814 (or Mr. Carrington's Indian Survey Chart No. 115) may be relied upon, with the exception of the shallow soundings near the Eastern Channel and the Mutla lightships.

PILOTS' RIDGE BUOY.—This buoy now lies in latitude $20^{\circ} 49' 30''$ N., longitude $87^{\circ} 39' 30''$ E.

The Bearings are Magnetic.

By direction of the Government of Bengal,

ARTHUR W. STIFFE, *Captain, I.M.*,

Port Officer of Calcutta.

PORT OFFICE, Calcutta, the 12th March 1885.

NOTIFICATION.

The 17th March 1885.—The following revised rules passed by the Lieutenant-Governor under sections 31 and 41 of the Indian Forest Act (VII of 1878), having received the sanction of the Governor-General in Council, are hereby published for general information, in supersession of the notification of 17th August 1880, published in the *Calcutta Gazette* of the 18th idem. They will take effect in the protected forest tracts of the Sunderbuns described in the schedules annexed to the notifications of the 7th December 1878, 24th February 1879, and 10th August 1883 (published in the *Calcutta Gazette* of 11th December 1878, 26th February 1879, and 15th August 1883), as modified by the notifications of the 3rd July 1883, 11th October 1883, 23rd June 1884, and 9th October 1884 (published in the *Calcutta Gazette* of the 11th July 1883, 17th October 1883, 2nd July 1884, and 15th October 1884) and any other notification that may hereafter be issued. These rules will come into force from the date of their publication.

Rule I.—No trees, timber, or any other forest produce shall be cut, sawn, gathered, or removed from within the boundaries of the Sunderbuns protected forests without prepayment in full of the charges due thereon at the rates following:—

- (1) For every maund of sundri timber, one anna.
- (2) For every maund of any other forest produce, one-fourth of an anna.

These, or such other charges as may from time to time be fixed under this rule, will also be levied on timber and other forest produce which may be exported from lands leased under the rules for the lease of waste lands in the Sunderbuns.

Rule II.—Any person desiring to enter the Sunderbuns protected forests for the purpose of cutting, sawing, converting, gathering, or removing trees, timber or other forest produce, shall take out a permit or license for the produce which he proposes to remove. The said permit shall be in the form hereto annexed, and shall be subject to the conditions printed on the back thereof; it shall be granted by the officer in charge of the Sunderbuns Forest Division, or by the officers in charge of the revenue stations, on prepayment only of the prescribed charges.

Rule III.—A list of the officers in charge of the revenue stations shall be notified from time to time in the *Calcutta Gazette*.

Rule IV.—Any forest produce in transit within, or passing out of, the Sunderbuns Protected Forests, and any such produce found in any water-channel skirting or leading from the said forests, when there is reason to believe that any thing is payable to the Government in respect of such produce, may be stopped and examined by any forest or police officer.

The following is a list of the revenue stations referred to in Rule III of the above rules:—

No. 93.—*Notification*.—In the exercise of the powers conferred upon him by section 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor proposes to cancel Nos. 43, 46, 47 and 48 of the rules for the Sone Canals, passed on the 31st August 1880, and republished under this Department Notification No. 148, dated the 20th June 1881, in pages 637-646, Part I of the *Calcutta Gazette* of 22nd June 1881. His Honour also proposes, under section 99 of Act III (B.C.) of 1876, to pass the following rules in substitution of rules 46, 47 and 48 referred to above:—

46. Objections to the demand shall be presented personally, or through the *lumbardar* to the Divisional or Sub-divisional Canal Officer within one month from the date of the publication of the *khatiani* in the village.

47. If the Divisional Canal Officer reject the claim, he shall, if the petitioner so desire, give him a copy or extract of his order, and any appeal to the Collector under section 91, or to the Superintending Canal Officer in cases where that officer's decision is final, shall be accompanied by such copy or extract. Any such appeal shall be made within one month from the date on which the order was issued by the Divisional Canal Officer.

When an "objection" is presented in the first instance to a Sub-divisional Canal Officer, a copy of the order passed shall, on application, be given to the petitioner, and every "objection" presented to the Divisional Canal Officer shall be accompanied by such copy or by a statement that no previous "objection" has been presented to the Sub-divisional Canal Officer, or if such "objection" was presented, and the Sub-divisional Officer has omitted to pass any order, by a note of the date on which it was presented.

48. Objections, if orders have not been passed within 40 days from the date of their being filed in the office of the Divisional Canal Officer, may be presented direct to the Collector, if accompanied by a statement certifying the date on which they were so filed and that no order has been passed. The Collector shall then make such reference to the Divisional Canal Officer as may be necessary, and shall have discretion to suspend collections by a written order in cases where it may seem advisable to do so.

NOTIFICATION.

The 17th March 1885.—The following Notices to Mariners are published for general information.

A. P. MACDONNELL,

Secretary to the Govt. of Bengal.

GOVERNMENT OF BENGAL, GENERAL (MARINE) DEPARTMENT.

NOTICE TO MARINERS.—(No. 11).

BAY OF BENGAL—BRITISH BURMA.

ARRACAN COAST.

Cheduba Strait.

THE following description of, and directions for, Cheduba Strait, resulting from the recent survey on the coast of Burma, have been furnished by Commander A. Carpenter, R.N., Commanding Her Majesty's Indian Marine Surveying Steamer *Investigator*.

CHEDUBA ISLAND.—NEBUDDA SHOAL.—A dangerous rocky shoal, 5 miles in length, N.-E. by N. and S.-W. by S., lies with its North-Eastern extreme S.-E. by E. $\frac{1}{2}$ E. 4 miles from Unguan or Tree island. It has several shoal heads upon it, the least water being 9 feet near its North-Eastern extremity. To pass to the westward of the shoal, do not bring Unguan island to the westward of North.

SHOALS.—A small shoal of $2\frac{1}{2}$ fathoms rock lies $2\frac{1}{2}$ miles N. by W. $\frac{1}{2}$ W. of Unguan island: there are 7 to 8 fathoms round about it. Two small patches of 4 fathoms and $5\frac{1}{2}$ fathoms rock lie 8 miles and 6 miles, respectively, N.-W. by N. from Beacon island in the vicinity of the reported breakers of 1878.

Caution.—A vessel proceeding up or down the coast of Arracan, outside Cheduba island, should not bring the west coast of Cheduba to bear to the southward of S.-E. by S. whilst in that vicinity. There are to be found regular depths of 10 to 11 fathoms between these shoals and Beacon island.

PORT CHILDERS.—This port should on no account be entered.

CHEDUBA STRAIT.—DIRECTIONS FOR NORTHWARD.—Follow the coast at a distance of 2 to 3 miles until the highest point of Ramree hills, overlooking the Strait, bears E. by

S., when steer E. by S. $\frac{1}{2}$ S. for the dome-shaped hillock which marks the South extreme of the range. When Sandy point on Chebuda island bears S. $\frac{1}{2}$ W., haul to S.-S.-E. $\frac{1}{2}$ E., which course will lead down in not less than $3\frac{1}{2}$ fathoms at low-water.

DIRECTIONS FOR SOUTHWARD.—Pass to the eastward of Round island at 1 to 2 miles distance, and when it bears West steer N.-N.-W. $\frac{1}{2}$ W. for the West extreme of the land then visible ahead: when the summit of the Ramree hills bears E. $\frac{1}{2}$ N., haul to W. by N. $\frac{1}{2}$ N., and keep the dome-shaped hillock astern.

The Bearings are Magnetic.

By direction of the Government of Bengal,

ARTHUR W. STIFFE, Captain, I.M.,

Port Officer of Calcutta.

PORT OFFICE, Calcutta, the 12th March 1885.

GOVERNMENT OF BENGAL, GENERAL (MARINE) DEPARTMENT.

NOTICE TO MARINERS.—(No. 12).

BAY OF BENGAL—ORISSA COAST.

Dhamra River.

THE following description of, and directions for, Dhamra river, resulting from the recent survey on the coast of Orissa, have been furnished by Commander A. Carpenter, R.N., Commanding Her Majesty's Indian Marine Surveying Steamer *Investigator*.

PALMYRAS SHOALS.—These shoals extend from the Palmyras buoy, which marks their N.-E. extreme, for $7\frac{3}{4}$ miles to the Southward, or to latitude $20^{\circ} 40' 30''$ N. They have protruded slightly since last surveyed, and the Outer edge is now in longitude $87^{\circ} 12' 40''$ E: $4\frac{1}{2}$ and $3\frac{1}{2}$ fathoms, hard sand, will now be found one mile and $2\frac{1}{2}$ miles, respectively, S.-S.-E. of the buoy with 11 fathoms outside them.

DIRECTIONS.—A vessel proceeding from the Hooghly river to False Point should not bring the Palmyras buoy to bear North of N.-N.-W. until 5 miles South of it, when she may shape course for False Point without getting less than $5\frac{1}{2}$ fathoms.

DHAMRA RIVER.—OUTER BAR BUOYS.—H. buoy has been removed 3 cables N.-E. by E. of its former position, and now lies $1\frac{1}{2}$ miles N.-E. $\frac{1}{2}$ E. from Shortt's beacon.

F. buoy has been removed $3\frac{3}{4}$ cables N.-N.-E. of its former position, and now lies $1\frac{1}{4}$ miles N. $\frac{1}{2}$ W. from Shortt's beacon.

D. buoy has been shifted $1\frac{3}{4}$ cables N.-N.-W. of the former position.

SHOAL.—A small shoal, of 8 feet at low-water, lies $3\frac{1}{2}$ cables E. $\frac{1}{2}$ N. of G. buoy. The least water will now be got by entering with G. and D. buoys in line passing to the northward of G. buoy.

SHOAL SPIT.—A shoal spit has projected into the channel, in the Dhamra river, from the West end of Kalibanj island towards the *Celerity* buoy.

DIRECTIONS.—Keep the north bank of the Dhamra river till the *Celerity* buoy is in line with the perch on the opposite bank $\frac{3}{4}$ miles farther up, when strike across to the other bank, passing close to the buoy on either side. This leads over the ridge in 10 feet at present, but it may possibly change at different seasons of the year.

PILOTS' RIDGE.—Her Majesty's Indian Marine Surveying Steamer *Investigator* had lately completely re-sounded the Pilot's Ridge: it is reported that there is no material change in the depths, and the Admiralty Chart No. 814 (or Mr. Carrington's Indian Survey Chart No. 115) may be relied upon, with the exception of the shallow soundings near the Eastern Channel and the Mutla lightships.

PILOTS' RIDGE BUOY.—This buoy now lies in latitude $20^{\circ} 49' 30''$ N., longitude $87^{\circ} 39' 30''$ E.

The Bearings are Magnetic.

By direction of the Government of Bengal,

ARTHUR W. STIFFE, Captain, I.M.,

Port Officer of Calcutta.

IRRIGATION.

The 24th March 1885.

No. 118.—Notification.—Notice is hereby given that the Lieutenant-Governor of Bengal proposes, under the provisions of section 6 of Act II (B.C.) of 1882, to declare that clause 6 of section 76 of that Act shall take effect over a tract of country extending for three miles from the right or north bank of Buxee khall, in pergunnah Mundulghat, in the district of Hooghly. The erection of any new embankment, or any addition to an existing embankment, or the obstruction or diversion of any watercourse within the tract above defined, without the previous permission of the Collector, is prohibited.

No. 119.—Notification.—Notice is hereby given that the Lieutenant-Governor of Bengal proposes under sections 78, 79, 80, 81 and 99 of Act III (B.C.) of 1876 to pass the following rules for carrying out the provisions of the said Act, with respect to the Sarun Canals. These rules will supersede those at present in force :—

1. In Notification No. 179, dated 18th August 1879, under the provisions of Part II of Act III of 1876, Government has reserved to itself the rights of property in the water in the following canals and river beds forming part of the Sarun irrigation scheme :—

1. Roopun Chap Sota.
2. The head cut.
3. The Daba river and the water channels in continuation of or in connection with it.
4. The Gandaki river and the water channels in continuation of or in connection with it.
5. The Dhanai river and the water channels in continuation of or in connection with it.
6. Gangri river and the water channels in continuation of or in connection with it.

These canals and rivers will hereinafter be referred to as the Sarun Canals.

2. No person shall take water from the Sarun Canals for irrigation or manufacturing purposes without the written permission of a duly authorized person.

Licenses will be required—

- (a)—For the construction of temporary dams in the canal beds.
- (b)—For the irrigation of lands by flow or lift.
- (c)—For the construction of village channels and distributaries leading from the canals for the irrigation of lands.
- (d)—For water used for the purpose of any manufacture by any person other than a canal manager.

(c)—For the erection of fishing weirs or the use of fishing nets—(1) in the head cut; (2) in the new cuts from the Roopun Chap Sota to the Daba, Gandaki, Dhanai, and Gangri river beds; (3) in any other new cuts which may be made hereafter.

8. Government reserves at present its right to levy tolls for irrigation, and to charge for filling tanks, watering cattle, or for water for other domestic purposes.

4. The revenue administration of the Sarun irrigation scheme is vested in the Collector, who is ex-officio head of the Canal Revenue Department. The Executive Engineer of the Gunduck Division as canal officer is charged with the maintenance and management of the canals, but all orders passed by him under the Act or these rules are appealable to the Collector, under whose general directions he will act. All orders relating to the canal revenue will usually be issued by the Collector (through the Executive Engineer or not, as the case may be), and all correspondence intended for the Collector in this department should be addressed to the Collector direct, or through the Executive Engineer, Mozufferpore, or the Assistant Engineer, Gopalgunge.

5. For administrative purposes, the Sarun district is divided into the sub-districts enumerated in the following rule, and shown in a map deposited in the Collector's office. The boundaries of the sub-districts and their number may be hereafter modified.

6. The following guarantors are, till further orders, appointed canal managers, and will, within the under-mentioned sub-districts, act as the agents of Government in managing the affairs of the canals.

Manager of the Arua concern for the time being.

Ditto	Bansapali	ditto.
Ditto	Bahrowli	ditto.
Ditto	Burhoga	ditto.
Ditto	Harpur	ditto.
Ditto	Hatwa estates	ditto.
Ditto	Jogapur concern	ditto.
Ditto	Nowada	ditto.
Ditto	Rajapatti	ditto.
Ditto	Ramkola	ditto.
Ditto	Sadowa	ditto.
Ditto	Sitalpur	ditto.

7. The more particular duties of a Canal Manager will be—

1st.—To receive applications and grant permits, printed in the prescribed form, for the use of water under sections 74, 75, and 77 of the Irrigation Act.

2nd.—Subject to the instructions of the canal officers to distribute, under the provisions of section 76, the water-supply allotted to his sub-district.

3rd.—To recover and credit to Government the water-rates.

4th.—To superintend and maintain such establishment as may be found necessary for the assessment and collection of water-rates within his sub-district.

8. Canal Managers have no power under Parts III, IV, and V of the Act; and all claims to remission under section 76 of Part VI should be referred to the canal officer or his assistant for disposal. Complaints regarding unauthorized use of canal water under sections 79, 80, and 81 are also to be referred to the canal officer or Collector for decision. All proceedings connected with the recovery of water-rates by distraint or other compulsory process will be undertaken by the Collector.

9. Any Manager desiring the construction of a temporary dam across the Roopun Chap Sota, or across the bed of the Daba, Gandaki, Dhanai, or Gangri rivers must prefer a written application to the canal officer specifying the object of the work and the length of time for which it is required. It will be at the discretion of the canal officer to reject the application or to grant it on such conditions as he may think fit, one of the conditions being the power reserved to the canal officer of cutting the bund, if it should ever appear to him, in the public interests, necessary to do so.

Provided, however, that no such dam shall be constructed without due provision being made, by means of a proper escape channel, for the supply to the guarantor or guarantors, on the same river below such dam, of the share of water to which he or they may be entitled under the decision of the canal officer.

10. Any person other than a Manager who may desire to construct a temporary dam across the bed of any of the rivers mentioned in the last rule must prefer his application

to the Canal Manager in charge of the sub-district in which the site of the proposed dam lies. The latter will then forward the application with his remarks to the canal officer for orders.

11. Any person, whether he be a Canal Manager or not, who constructs a dam across any of the river beds referred to in Rule 9, without having first obtained the written permission of the canal officer, or who after the construction of an authorized dam, does or abets the doing of any act to impede the free flow of water through the escape channel provided for such dam, will be liable to prosecution under section 93, Act III (B.C.) of 1876, chapter XVII of the Indian Penal Code, or otherwise as may seem proper to the Collector.

12. With reference to Rule 7, paragraph 2 above, it will be competent to the Canal Manager, subject to the control of the canal officer, and on his own responsibility,* to allow the construction of such temporary dams in any of the village channels (subsidiary to the main river beds mentioned in Rule 9) within his sub-district, as he may consider necessary for the proper distribution of the water-supply allotted thereto.

* With reference to the possible damage to crops, &c.

13. If one or more of the riparian proprietors desire to have a permanent dam or regulator constructed in any channel or river bed, he or they shall present an application to that effect to the Collector, who will consult the Canal Manager and the canal officer as to the desirability of constructing such dam or regulator. Should its construction be deemed desirable, the Collector will cause plans and estimates to be prepared, and he shall also call upon the applicants to deposit the cost (including cost of establishment), or to give a guarantee securing its payment when required, and providing that, if the cost of the work should, through unforeseen causes, exceed the original estimate, the balance will be made good by the applicant. The agreement will also provide for the dam or regulator being kept in proper repair, as well as for its being taken over by Government at a fair valuation, should this ever be considered expedient. The construction of such dam or regulator will be carried out by the canal officer, who shall also have power to stop all supplies of water if it is not subsequently maintained in proper repair.

14. Each application for a permanent dam or regulator will be considered on its own merits, and will only be granted on such conditions as the Collector in consultation with the Superintending Engineer shall consider fit.

15. A register will be kept of the owners of each permanent dam or regulator, and any person may at any time apply to the canal officer to be made a joint owner. The canal officer may either reject such application, or if he think fit, he may issue a notice upon the registered owner or owners, and after hearing any objection which the registered owner or owners may prefer against the admission of such applicant to be a joint owner, in either case he shall report fully to the Collector, who may confirm the original rejection of the application, or may direct that the applicant be registered as such joint owner, on payment to the registered owner or owners of such sums as may be fixed by him.

16. Persons desiring to irrigate their fields with canal water by flow or lift, must apply in person or by agent to the Canal Manager, whereupon the latter shall issue a permit in the prescribed form (Appendix B). The right to irrigate without extra charge extends up to the 31st of March following the date on which the permit was issued; provided, however, that under the operation of this rule one and the same crop be not assessed more than once. The rate charged shall not exceed Re. 1 per acre (or 12 annas per bigha), irrespective of the crops grown, except in special cases to be determined by Government.

17. Any person other than a Canal Manager desirous of taking water for the manufacture of indigo must apply for a permit to the Canal Manager, stating the estimated outturn, and undertaking that he will, on the 1st of October, declare the quantity he has manufactured. The charge will be at the rate of Rs. 2 per maund of indigo manufactured.

18. No person may allow water to run to waste, and no person other than a Canal Manager may use water for irrigation or for any other purpose without having first obtained a permit as required by the preceding two rules. Any person infringing this rule will, with the consent in writing of the Collector (but not otherwise), be charged double the ordinary rates for the water used without authority or wasted, and will in addition be liable, on prosecution by the Collector or canal officer, to the penalty provided by section 93 of Act III (B. C.) of 1876, or by any other law under which his offence may come. The charge in such cases will, as a rule, be laid by the Canal Manager by the submission to the canal officer or Collector of an "Unauthorized Irrigation Certificate." (See Appendix C.)

19. The privileges of guarantors are as follows:—

- (1)—A prior claim to a supply of water for irrigation and manufacture during the continuance of their guarantee.
- (2)—The right to use water for manufacturing purposes free of charge.

20. Any person may apply to the Collector to become a guarantor. If the Collector accept the application, which at his discretion he may or may not do, he shall proceed, in communication with the canal officer, to determine whether the new guarantee shall be

utilized towards extending the canals, providing distributaries or embankments, or towards reducing the responsibility of any of the original guarantors. If the original guarantor (within whose sub-district the applicant's property or interest is situated) claims a reduction in his guarantee, and can at the same time show that the application of the new guarantor towards an extension of the canal would operate to reduce his collections below the amount of his guarantee, his claims to have his guarantee reduced shall be considered: otherwise the new guarantee may be applied towards extending the canals, and an area corresponding to the applicant's property or interests be marked off to him, within which he shall exercise the rights and privileges now exercised in their sub-districts by the guarantors mentioned in paragraph 6 of these rules.

If the applicant's interest or property be not situated within any sub-district as specified in paragraph 6, then the Collector shall apply the guarantee towards extending the benefits of the canal system.

21. The irrigation year will commence on the 1st April; and as soon as possible after the irrigation of any land has been completed or the manufacture of indigo [by a person other than the Canal Manager] has been concluded, the Canal Manager shall present the persons who used the water with bills for water-rates (in a form approved by Government) based upon the actual area irrigated or the outturn of indigo manufactured. If these bills are not paid [a] in the case of indigo manufacture within one month after presentation, [b] in the case of *rubbi* crops by the 1st March, [c] in the case of other crops within one month after the crop irrigated has been cut, the Canal Manager shall, without delay, submit a list of such unpaid bills to the Collector, who will put in force the powers vested in him for the recovery of the amount due in accordance with sections 83, 84, and 85 of the Indian Irrigation Act. Such list must be supported by the counterfoils of the bills (Appendix B) prepared by the Manager, as well as by his personal certificate, that he has satisfied himself of the justness of the claims; and in the case of unauthorized irrigation, by the "Unauthorized Irrigation Certificates" (Appendix C) required by Rule 18.

22. The sums thus recovered by the Collector will be placed in his (the Collector's) accounts to the credit of the Canal Manager as a set off against the amount due from him under his guarantee for the year during which such recoveries are made. The Canal Manager will be entitled to a commission of 20 per cent. on all recoveries (over and above the amount of his guarantee), made either by himself or by the Collector on lists submitted on or before the 31st March. Sums due on this account will not be shown by the Manager in his accounts, but will be paid to him by cheque after the adjustment by the Collector of the year's accounts. No percentage allowance will be granted to the Manager in respect of recoveries made by the Collector on lists submitted later than the 31st March, although the amount of such recoveries will, as stated above, be credited to him as an asset against the amount of his guarantee.

23. For water used by a Manager for the irrigation of his own lands, he will be charged at the ordinary rate of Re. 1 per acre (or 12 annas per bigba), and for sums due on this account he will not be entitled to any commission allowance.

24. It will be the duty of Canal Managers—

- 1st.—To see that all permits for the use of water be issued in the prescribed form, and a copy be kept in counterfoil in books supplied for the purpose.
- 2nd.—That copies of bills presented for payment be kept in the counterfoils supplied, for record.
- 3rd.—That a cash-book of all receipts of water-rates be kept in forms supplied for the purpose.
- 4th.—That for all cash received receipts be granted in the form supplied by the canal officer, which will be kept in counterfoil.
- 5th.—That all cash received be paid monthly into the sub-divisional or district treasury, and that the treasury receipts be filed with the cash-book as vouchers.
- 6th.—To submit such returns as may be required from time to time by the Collector.
- 7th.—To afford every facility to the canal officer and Collector in their periodical inspection of the Canal Managers' office and accounts.

25. The amount yearly guaranteed by each Manager is payable in two equal instalments, viz. on the 30th of June and the 31st December of each year, and any arrear due on either of these dates will be deemed to be a demand under Act VII (B. C.) of 1880, and shall be recoverable by the processes prescribed by the above Act.

26. A yearly adjustment up to the 31st March will be made of each Manager's account as soon as possible after the close of the official year (31st March). For this purpose each Manager will, by the 15th April, submit to the Collector in duplicate a statement in form Appendix D, with the entries of the first 12 columns duly filled in. The Collector will supply the figures for the remaining columns, and return one copy to the Manager with a cheque for the sum payable on account of commission as shown in column 15, should no arrears from him be due. The Collector will also require the immediate deposit by the Manager of any arrears which may be shown to be due. Such arrears if not paid within one month after due notice to the Manager, will be recoverable under the Certificate Procedure Act (VII B.C. of 1880).

IRRIGATION.

The 16th March 1885.

No. 106.—Notice is hereby given that the Lieutenant-Governor of Bengal proposes, under the powers conferred on him by sections XI and XII of Act V (B.C.) of 1864 (the Canals Act), to make the following alterations in the rules having reference to the under-mentioned navigable channels:—

1. The river Bhagiruthee throughout its whole course, from the Ganges to Nuddea, or to its junction with the Hooghly.
2. The river Hooghly, from Nuddea to its junction with the river Matabhanga.
3. The river Jellinghee, from the Ganges to Nuddea.
4. The river Bhoirub, from the Ganges to Nuddea.
5. The river Matabhanga from the Ganges to its junction with the Hooghly.
6. Such portions of the river Ganges as may be within 5 miles of the entrance for the time being of the Bhagiruthee, the Bhoirub, the Jellinghee and the Matabhanga rivers, respectively, which were passed in Notification No. 175, dated the 30th July 1879, and published in Part I of the *Calcutta Gazette* of that date, pages 783 to 789.

For the 1st paragraph of rule II, substitute the following:—

The tonnage of every vessel shall for the purpose of the Canals Act, 1864, and of these rules be determined by the following measurements.

Add to rule II as clause (d):—In the case of steamers, the tonnage as determined by clauses a, b and c shall be reduced by one-half as an allowance for engine and cabin space.

Rules 3 and 4 will be abolished.

No. 98.—Notification.—In the exercise of the powers conferred upon him by section 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor proposes to cancel Nos. 43, 46, 47 and 48 of the rules for the Sone Canals, passed on the 31st August 1880, and republished under this Department Notification No. 148, dated the 20th June 1881, in pages 637-646, Part I of the *Calcutta Gazette* of 22nd June 1881. His Honour also proposes, under section 99 of Act III (B.C.) of 1876, to pass the following rules in substitution of rules 46, 47 and 48 referred to above :—

46. Objections to the demand shall be presented personally, or through the *lumbardar* to the Divisional or Sub-divisional Canal Officer within one month from the date of the publication of the *khationi* in the village.

47. If the Divisional Canal Officer reject the claim, he shall, if the petitioner so desire, give him a copy or extract of his order, and any appeal to the Collector under section 91, or to the Superintending Canal Officer in cases where that officer's decision is final, shall be accompanied by such copy or extract. Any such appeal shall be made within one month from the date on which the order was issued by the Divisional Canal Officer.

When an "objection" is presented in the first instance to a Sub-divisional Canal Officer, a copy of the order passed shall, on application, be given to the petitioner, and every "objection" presented to the Divisional Canal Officer shall be accompanied by such copy or by a statement that no previous "objection" has been presented to the Sub-divisional Canal Officer, or if such "objection" was presented, and the Sub-divisional Officer has omitted to pass any order, by a note of the date on which it was presented.

48. Objections, if orders have not been passed within 40 days from the date of their being filed in the office of the Divisional Canal Officer, may be presented direct to the Collector, if accompanied by a statement certifying the date on which they were so filed and that no order has been passed. The Collector shall then make such reference to the Divisional Canal Officer as may be necessary, and shall have discretion to suspend collections by a written order in cases where it may seem advisable to do so.

To—All District Judges.

The Court having reason to believe that a diversity of practice exists in the Civil Courts of Bengal in regard to the travelling allowance to which an Ameen is entitled when he has to travel at the instance of suitors, I am directed to point out that, as Civil Court Ameens are officers in civil employ, their travelling allowance should be regulated by the Travelling Allowance Code of 1883, notwithstanding that such allowance has to be realized from the suitors.

Regulations made by the Calcutta Tramways Company under Section 24, Clause 2, Act I (B.C.) of 1880.

1. Passengers are forbidden, under a penalty not exceeding Rs. 5,—
 - (a) to enter or leave a car while in motion;
 - (b) to travel standing on the foot-board of the car;
 - (c) to commit nuisance or spit upon the floor or any part of the car;
 - (d) to converse with the driver while on duty.
2. No person shall swear or use obscene or offensive language whilst upon any car, or wilfully interfere with the comfort of any passenger. The penalty for infringement of this rule shall be a fine not exceeding Rs. 20.
3. The conductor may refuse to allow any of the following persons to travel upon any car, and may at any time require any such person to leave such car; and any such person entering or attempting to enter a car after the conductor has refused permission, or refusing to leave the car when called upon to do so, shall be liable to a fine not exceeding Rs. 20:—
 - (a) Any person drunk and disorderly.
 - (b) Any person suffering from a contagious disease.
 - (c) Any person whose clothing or body is in an offensively dirty state.
 - (d) Any person carrying more luggage than can be accommodated in the space allotted to him or under his seat.
4. No person shall take a dog or other animal into any car. Any dog or other animal taken into any car in contravention of this regulation shall be immediately removed from the car by the person in charge of such dog or other animal upon the request of the conductor, and, in default of compliance with such request, the dog or other animal may be removed under the direction of the conductor. The penalty for infringement of this rule shall be a fine not exceeding Rs. 20.
5. When any car contains the full number of passengers which it is licensed to carry, no additional person shall enter or remain on any such car when warned by the conductor not to do so. The penalty for infringement of this rule shall be a fine not exceeding Rs. 20.
6. Any male person above the age of 10 years, knowingly and wilfully entering, or remaining in, a car exclusively reserved for females, shall be liable to a fine not exceeding Rs. 20.
7. Each passenger shall, upon demand, pay to the conductor or other duly authorized officer of the Company the fare legally demandable for the journey. The penalty for infringement of this rule shall be a fine not exceeding Rs. 20.
8. Any passenger found travelling upon any car without a ticket, or not producing his ticket when called upon to do so by any servant of the Company, being in uniform, shall be liable to pay the fare from the place whence the car originally started. The penalty for infringement of this rule shall be a fine not exceeding Rs. 20.
9. No person shall wilfully obstruct or impede any officer or servant of the Company in the execution of his duty upon, or in connection with, any car or tramway of the Company. The penalty for infringement of this rule shall be a fine not exceeding Rs. 20.
10. The conductor of the car shall enforce or prevent the breach of these bye-laws and regulations to the best of his ability, and if he wilfully and wrongfully omits to enforce them, he shall be liable to a penalty not exceeding Rs. 20.

Change in the buoyage of the river.

THE Port Officer, Rangoon, has notified that several changes have been effected in the buoyage of the Rangoon river, and that in future the following positions have been adopted:—

CHOKEY LUMP BUOY.—The Chokey Lump buoy, in consequence of the extension of the Chokey Lumps into the channel, has been shifted 150 yards S E by S of its former position, and now lies in 19 feet at low water ordinary spring tides.

LOWER SPIT BUOY.—A *second* class buoy, painted *red*, has been *newly* moored in 28 feet at low water ordinary spring tides, in order to mark the eastern edge of the Western Sands and the following bearings are given:—

Upper Eastern buoy	...	...	...	N 88° E.
Eastern Lump buoy	...	...	...	N 46° E.
Eastern Grove lighthouse	...	...	...	N 23° E.
Elephant point obelisk	...	...	...	N 39° W.
Centre Western buoy	...	...	...	S 32° W.

CENTRE SPIT BUOY.—This buoy, surmounted by a *staff* and *basket*, has been laid in 25 feet at low water ordinary spring tides, 950 yards S 19° W of its original position, with—

Elephant point obelisk	...	...	...	N 55° W.
Eastern Grove lighthouse	...	...	...	N 28° E.
Eastern Lump buoy	...	...	...	S 69° E.
Centre Eastern buoy	...	...	...	S 1° W.

UPPER SPIT BUOY.—A *second* class buoy, painted *red*, has been *newly* laid down on the edge of a spur of sand, extending between Elephant Point and the Spit buoy, in 26 feet at low water ordinary spring tides on the following bearings:—

Spit tree	...	...	...	S 75° W.
Elephant point obelisk	...	...	...	N 79° W.
Eastern Grove lighthouse	...	...	...	N 48° E.
Eastern Lump buoy	...	...	...	S 39° E.
Centre Spit buoy	...	...	...	S 22° E.

WESTERN LUMP BUOY.—The Western Lump buoy, which marked the position originally assigned to it, has been removed owing to the lump having disappeared.

NOTE.—It is intended shortly to place the Upper Eastern buoy in the Western Channel about 850 yards S S E of its present position to indicate the extension of the Eastern Sands, which has taken place there.

The Bearings are Magnetic.

NOTICE TO MARINERS.—(No. 16.)

INDIA—WEST COAST.

PORTUGUESE TERRITORY.

MORMUGAO HARBOUR.

Red buoy marking end of Breakwater.

THE Chief Engineer and Agent of the West of India Portuguese Railway Company has given notice that in consequence of the extension of the rubble mound the buoy marking end of the Breakwater in the Mormugao Harbour has been shifted from its former position.

The large conical buoy, painted red, has now been moored 100 feet beyond the future end of the breakwater or 1,900 feet from the root work.

The rubble mound, in course of construction under water, has now advanced 1,200 feet from the root of the breakwater, and the breakwater 450 feet from the root work.

NOTE.—Masters of vessels are hereby cautioned not to pass to the Southward of the breakwater buoy in entering or leaving the harbour, as a stone mound is now being deposited there, and vessels might strike on it.
